**SANKARRA** is a leading cloud Business Application, Implementation and Support service provider.

Our laser focus is solely on cloud and SaaS solutions. With more than 10 years of cloud experience, initially with **Oracle CRM On Demand** and now with **Oracle NetSuite** - #1 Cloud ERP Solution, we fully understand the cloud model's strengths and limitations.

As an offshore Delivery Centre of **M.SaaS** Solutions, Headquartered in Singapore and is part of **Singapore Exchange-listed Multi-Chem Group**, that has a network of **32 offices in 16 countries**, we can provide top notch Service both locally and regionally.

We **'INTERNALISE'** the Solution before start Implementing it to our Customers. We spearheaded the implementation of a complete suite of NetSuite Enterprise One-World Edition, to Multi-Chem Group across **25 subsidiaries**. And currently we are providing the first line support to over **800 users** within our group. Hence, we possess a wealth of first-hand and up-to-date knowledge of NetSuite ERP and its upgrades.

We Trust that the caliber of the people working on a project is integral to its outcome. When you are looking for an enterprise solution, you interact not with the application but with real people. To your company, more than a vendor you need a **valuable partner**, who strives continuously, committed delivering the innovation that drives your success.

That is where **SANKARRA** stands out with proven track as a preferred partner. It's not only the knowledge and experience that the professionals possess, but also the ethics and ethos our company embraces and encapsulates.

We believe that the future of computing lies in the cloud and in a short space of time all businesses servicing new-generation will come to rely on the cloud.

And in this modern digitalizing business process, **SANKARRA TECH**  
*"Delivers the better that you Deserve"*
